

PRESENTS

SALES BOOSTER

REMOTE ATTACK - SALES AGENTS FOR HIRE

POWERED BY

We work with businesses that need reliable support to:

- Fill their calendars with qualified sales appointments
- Convert newly generated leads into paying customers
- Run outbound sales and upsell campaigns that drive predictable revenue

Our service helps companies strengthen their communication and conversion processes, creating consistent revenue by ensuring every lead receives timely, professional attention.

OUR TEAM

Our Business Process Outsourcing partner, [Next Help Services](#), brings over 20 years of experience working with companies across multiple industries—including retail, ecommerce, finance, hospitality, transportation, and professional services.

They focus on delivering exceptional customer interactions through:

- Standardized training programs and rigorous recruitment of top-performing agents
- A performance-driven operating structure emphasizing quality, satisfaction, and efficiency

Our combined teams have worked with startups, SMBs, and enterprise organizations across the Americas, specializing in improving customer experience, enhancing retention, and maximizing revenue potential.

VALUE PROPOSITION – WHY CHOOSE US

We bring flexible engagement models, proven sales expertise, and an ROI-focused approach.

Our experience spans customer engagement, operational support, sales optimization, and revenue growth—ensuring excellence across the entire customer lifecycle.

SCOPE OF SERVICES

Service Area	Description / Activities
Customer Management & Support	Responding to inquiries, handling concerns, managing special requests, follow-ups, and feedback collection
Lead & Sales Pipeline Management	Monitoring CRM systems, tracking leads, ensuring follow-ups, reducing lead leakage, coordinating with internal teams.
Outbound Sales Campaigns	Executing targeted email/phone campaigns, promoting offers, reactivating cold leads, converting warm prospects.
Cross-sell & Upsell Strategy	Identifying add-on revenue opportunities across products/services to increase customer lifetime value.
Database Creation & Development	Building and managing a customer contact database with segmentation, preferences, and history.
Data Analytics & Reporting	Delivering monthly performance dashboards with conversion metrics, revenue insights, and optimization recommendations.

KEY PERFORMANCE INDICATORS (KPIs) & REPORTING

We track metrics including:

- Lead conversion rate

[WhatsApp: 1876 808 5959](https://www.whatsapp.com/business/contact?phone=18768085959)

- Sales cycle speed
- Upsell and cross-sell revenue
- Customer satisfaction score
- Response time
- Pipeline growth
- Revenue per agent

Monthly reporting includes insights and recommendations to support continuous improvement.
